**DETAILED ACTION**

***Priority***

Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

***Information Disclosure Statement***

The information disclosure statement (IDS) submitted on 12/10/03 has been considered by the examiner.

***Allowable Subject Matter***

Claims 1-14 are allowed.

The following is an examiner's statement of reasons for allowance: Takeuchi et al discloses a scanning optical system having substantially all claimed features recited in each of claims 1 and 14 except for a front lens group having at least a function of deflecting at least a pair of laser beams selected from the laser beams so that the pair of laser beams are deviated from an "optical surface reference axis" of said front lens group. The front lens group 11 disclosed in Takeuchi et al appears to be a positive lens; and there is no motivation to modify this lens so as to meet the claimed invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
